

THE RIVER NEWS.

(BY W. F. LAMBERT, REPORTER.)

The gate being washed out of lock No. 1, and the river falling, it may cause a suspension of navigation on the Kentucky river until the gate is replaced and the lock put in order. When the river is high enough for boats to go over the dams, then the bridges are too low for boats to pass under them. So that with low water, and no account locks a steamboat has a slim chance to run up and down that river, high water or low.

After a lapse of half a century the war department of the United States has just awakened to the belief that the St. Joseph river, in Indiana, is a navigable stream, and, therefore, has threatened to remove all dams and bridges on the river, and the people are alarmed. It is known that two prominent manufacturers have been to Washington to see what could be done toward legalizing the present dams and bridges.

Years ago there were a number of boats in the Pittsburgh and St. Louis trade. There has not been a boat regularly in the trade for a number of years. Formerly a boat could always get a return trip of pig iron and iron ore, and there were then considerable flour and mill feed shipped from St. Louis to Pittsburgh by river. Freight rates on the railroads became so low that steamers could not compete with the railroads.

Navigation on the upper Ohio river was entirely suspended Saturday on account of the heavy ice reported at Chattanooga and Portsmouth. Here the ice was abundant but light, but no boats could hope to pass the heavy quantities now coming down the river. The J. B. Finley left Louisville yesterday for New Orleans with twenty-nine coal boats and two barges of wire nails.

The Joe B. Williams arrived at Louisville from New Orleans with employees and will probably go south with a tow of coal.

Captain John J. Goodwin, of the Marguerite, is reported quite ill from pneumonia at Cairo. He left several days ago for the Mississippi river to do towing.

The Joe Fowler has laid up on account of ice. No packet for Evansville. The Mary Stewart is due this evening from Golconda, leaves on return trip tomorrow 10 a. m.

The John K. Speed is due today from Cincinnati for Orleans. She has a big trip, and is entitled to it, because she carries a crew of officers that deserve patronage. Captain Don Marr on the roof, Harry Proctor in the office, with Charley Howard as second and "Whistling" Jim Howard as mate makes a team hard to beat.

Mr. Bohannon, a nephew of the very popular and widely known steamboat clerk, Pete Catron, called at Lang's drug store last Friday to inform them that Pete Catron is all right and extends his best wishes for all his old Paducah friends, especially his river acquaintance. Mr. Catron was an old time steamboat clerk on Tennessee river, and a good one, but on account of failing eyesight was forced to retire from business. But his friends will be pleased to learn that his eyesight is greatly improved, and he is doing well.

The City of Clifton leaves tomorrow 3 p. m. for Tennessee river.

The City of Clifton leaves next Wednesday 6 p. m. for Tennessee river.

The H. W. Butterfield departed for Clarksville at noon today with a very good trip.

The St. Louis and Tennessee River Packet company have now three boats in the Paducah and Tennessee river trade, namely, the City of Clifton, Clyde and Tennessee, leaving Paducah every Tuesday, Thursday and Saturday.

Still cold, with slight snow this morning. River falling, with 32 feet, 8 on the gauge, and business in river circles very good today, but no boom. The Dick Fowler cleared off for Cairo this morning with fair business.

Too cold for work at the dry docks and Marine Ways.

The big towboat J. B. Finley passed down this morning with an immense tow of "black diamonds" for the lower Mississippi.

Wayne Turner, clerk on the wharf-boats, who was regarded as hopelessly ill last week by his physician, it seems is improving. "It's mighty hard to turn a good man down."

A THOUSAND DOLLARS

—THROWN AWAY.

Mr. W. W. Baker of Plainview, Neb., writes: "My wife had long been lame for over fifteen years. We tried a number of doctors and spent over a thousand dollars without any relief. She was very low, and I lost all hope, when a friend suggested trying Foley's Honey and Tar, which I did; and thanks to this great remedy, it saved her life. She is stronger and enjoys better health than she has ever known in ten years. We shall never be without Foley's Honey and Tar, and would ask those afflicted to try it."

J. C. GILBERT.

CAPT. SCHROEDER

STILL IMPROVING

The condition of Captain S. J. Schroeder is much improved today and his physicians think that he will be able to leave his bed in about three weeks. He has been steadily improving for the past week and his many friends are pleased to learn of the

WHEN BABY IS COMING USE Mother's Friend.

Woman's greatest dream of beauty and glory is when nature has chosen her to become a mother. Every family is keenly alert and her nature the finest as she foresees the joy, the ambition, the success and the life-long satisfaction coming, coming nearer, day by day, in the dear and innocent being so soon to see the light and the very uncertainty whether she shall see a sweet girl or a brave boy face beside her on the pillow, adds zest to her expectancy. Then, if ever, she should take care of her physical health and moral health.

MOYER'S FRIEND applied externally throughout pregnancy will relieve the pain of parturition, and no mother and child can be so healthy, hearty, strong, clear complexioned, pure blooded, calm nerved and cheerful in disposition, who are mutually influenced for months by the continued use of Moyer's Friend.

ATLANTA, GA.

A NIGHT ALARM.

Worse than an alarm of fire at night is the brassy cough of croup, which sounds like the children's death knell, and it means death unless something is done quickly. Foley's Honey and Tar never fails to give instant relief and quickly cures the worst forms of croup. Mrs. P. L. Cordier of Manchester, Ky., writes: "My three-year-old girl had a severe case of croup the doctor said she could not live. I got a bottle of Foley's Honey and Tar, the first dose gave quick relief and saved her life." Refuse substitutes.

J. C. GILBERT.

COUNTRY BOY CONFESSED.

Chattanooga, Tenn., Feb. 10.—William and Victor Curtis were placed on trial here charged with robbing the postoffice at Morgan Springs, Tenn. Today John Solomon, a country boy, confessed that A. H. Curtis, father of the boys on trial, robbed the postoffice while Solomon watched from the front of the building.

Solomon said Curtis threatened to kill any member of the family who told about the robbery. It was found that Curtis fled last night. Federal officers are on his trail. Solomon was sent to jail, and the Curtis boys were discharged.

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Care will prevent the development of fatal disease if taken in time.

J. C. GILBERT.

ICE STOP'S PACKETS

The steamer Joe Fowler, the Evansville packet, did not leave for that city this morning on account of the ice. A telegram from Evansville was received by Captain Joe Fowler, president of the packet line, saying that the ice was running heavy at Evansville and that the Hopkins would not leave. The Hopkins went into Green river for a harbor and the Fowler tied up at the wharf this morning. It is not known when she will be able to resume her regular trips.

Foley's Honey and Tar is best for croup and whooping cough, contains no opiates and cures quickly. Careful mothers keep it in the house.

J. C. GILBERT.

SHOPS SHUT DOWN TEMPORARILY

The local Illinois Central machine and blacksmith shops were shut down yesterday to enable the men to place in new shafting in the place of the old shafting. This morning the work had not been finished and the shops remained shut down a portion of the day.

What this Boy's Mother Says

has been said by the mothers of many other boys and girls, regarding the wonderful curative and strengthening qualities of Dr. Miles' Nervine.

Dr. Miles' Nervine

HASTING, N.E.

"Our little boy, Harry, had spasms for 3 years and we feared the disease would affect his mind. Though we doctored continually he grew worse and had ten spasms in one week. Our attention was directed to Dr. Miles' Nervine and we began its use. When he had taken the fourth bottle the spasms disappeared and he has not had one for five years. His health now is perfect."

Mrs. B. M. TINDALL.

Dr. Miles' Remedies are sold by all druggists on guarantee to benefit or money refunded.

Dr. Miles Medical Co., Elkhart, Ind.
